🌻 About Us

The Marigold at 11th Street is a District of Columbia Housing Authority Assisted Living Program. It is centrally located at 2905 11th Street N.W. Washington DC 20001. It is the first public housing assisted living facility in the District of Columbia. It is managed by Mia Senior Management.

Our mission statement is simple: to provide the highest quality service in a caring environment that allows residents to remain at home and avoid premature admission to a nursing home.

Admission to the facility is totally voluntary. Our friendly atmosphere and exceptional service will make it easy to adapt, meet new friends, and call the facility your new home.

We offer beautifully renovated, private, one bedroom apartments with kitchenettes and full bathrooms at an affordable price. Once admitted, your social security check and/or pension will be subsidized to pay for services and board. You will receive a monthly personal allowance. The only additional costs are phone and cable service.

Government subsidies such as Optional State Supplementation and the Medicaid Waiver or Veterans Aid & Attendance will be used to pay for services and board. We will assist you in obtaining these subsidies.

🌻 Our Philosophy

The facility is designed for those who may have reached the point in their life of needing some assistance in order to maintain a relatively independent lifestyle. Our menu of services has been carefully designed to provide the right services for each resident.

Upon initial assessment, a level of service is determined for each resident. The assessment provides important information used to create a service plan that meets each resident's needs. On a regular basis, we review the service plan to ensure the resident is maintaining their optimum level of independence and we address any special issues or needs that arise.

Our goal is that every interaction with a resident or family member reflects our philosophy to allow residents to age in place with dignity. We want our residents to be as comfortable as possible in their new home, while ensuring their privacy and their optimum level of independence.

At Marigold at 11th Street, we go beyond the health and well-being of our residents. Our professional staff is always available to provide a helping hand so our residents are free to enjoy the company of friends and family.
